Today's Tools for Tomorrows Leaders

OVERVIEW

Do you have an idea for a product that people would love? Want to learn how to make your own money? Or how successful business owners got started? We got you covered! Startup Smartup is an online entrepreneur education program that teaches you how to build, launch and run your own business!

THE MODEL

Our 12 chapters guide students through the foundational process of building a business in as little as three weeks. Each chapter includes:

- **Startup:** Resources and information that engages multiple learning styles
- **Smartup:** Activities that allow students to explore learning outcomes
- **Levelup:** Reflection exercises that allow students to apply entrepreneurial practices into their daily lives

You can choose from one of our built in jobs – or create your own!

1. Social Media
2. Web Development
3. Pool Maintenance
4. Auto Detailing
5. Dog Walking
6. E-commerce
7. Babysitting
8. Window Washing
9. Landscaping
10. Event Planning
11. Salon Services

**Learn about business, about yourself, and about the world
– sign up for Startup Smartup today!**
